4. This office Ref.375/53 P3 dated 5.2.53.

.....

The prices of rice and paddy were not high in this district till about the middle of February, 1953, The prices shot up suddenly in the last week of February, 1953, and they now continue to be high. One of the reasons for this increase in prices is smuggling of stocks from this districts to places outside the district. Though the smuggling through the sea has now stopped after the outbreak of the monsoon on account of the roughness of the sea and on account of the tightening up of the anti-smuggling measures on the land borders, there is every likelihood of its recurrence whenthe produce of the main harvest (I crop) begins to flow into the market and when the sea also become navigable i.e.from November, next. It is therefore, necessary to take steps to tighten up the anti-smuggling measures in time.

2. Smuggling in this district takes place both by land and sea. Smuggling by land mostly takes place on the common border of South Kanara and Malabar zones. In this office reference Ref.C.No.375/53-P3, dated 5.2.53 it was reported to the Board how the ~~benefit~~ concession allowed to the peasantry in G.O.1068, Food and Agriculture dated 1.7.1952 had been abused by the smugglers and how it rendered the smuggling operations easier. A suggestion was also made in that reference that the clause in Notification No.I issued in the aforesaid G.O.permitting transport of rice by headloads in small quantities be suitably amended. In para 3 of the said reference the need for applying the belt area restrictions imposed, Order No.II of the notification, the certain villages of Kasargod Taluk situated in the border and for the appointment of an Officer of the grade of an Assistant Taluk Supply Officer for the purpose of enforcing control orders in that area., was stressed. But no orders have been received so far in the matter. It is absolutely necessary to adopt those measures so far as the villages of Kalnad, Udma, Thekkil and Bore of Kasargod taluk and Pallikere of Hosdrug Sub-Taluk are concered. I request that the Board may be pleased to obtain early orders of the Government in the matter so that they can be brought into effect in time this year.

3. Last year smuggling by sea could not be checked to any appreciable extent for want of coastal patrol staff and fast moving vessels (motor launch) at the disposal of the Anti-smuggling staff to chase the country crafts carrying the controlled foodgrains of the smugglers. The smuggling operations by sea are generally carried on in small boats which are stationed at various places on the extensive sea coast of the district. The existence of this long sea coast from which boats laden with rice could take off from any point makes it difficult to put from smuggling unless the entire sea coast is patrolled, efficiently, both by day and night and unless facilities are forthcoming to chase and book the country crafts which are engaged in smuggling foodgrains. Last year the Board recommended the appointment of 30 police constables and 30 Revenue peons for coastal patrol work, but the Government were pleased to appoint only 22 police constables in G.O.Ms.No.425, Food and Agriculture dated 25.3.1953. This order was received too late in the year to be of appreciable use. The staff of 30 police constables recommended by the Board last year is considered to be the minimum required for the purpose of coastal patrol work as explained in this office Ref.C.No.R.3.24573/52 dated

(P.T.O.)

office Ref.C.No.R3.24573/52 dated 28.10.1952 submitted to the Board in reply to its reference C.No.148303/E.52, 17.10.1952. In addition to these 30 police constables one sub-Inspector is also quite necessary to supervise the work of the Police constables. The services of 8 police constables already sanctioned in G.O.Rt. No.625 dated 25.6.1953 for anti-smuggling work cannot be made available for coastal patrol work as their services are quite essential at chowki posts as hereto-fore for the prevention of smuggling on the land border. I, therefore, request that the Board may be pleased to move the Government to sanction the appointment of 30 police constables and one Sub-Inspect for coastal patrol work in this district with effect from 1.11.1953 to 15.6.1954 or till the necessity for their employment ceases, whichever is earlier.

xxx xxx xxx

5. Last year 18 chowkidars out of the 59 chowkidars sanctioned in G.O.Ms.No.137 F&A dated 2.2.1953 were appointed at the following ports to prevent the movement of smuggling of rice by sea.

	No.of chowkidars.
1. Gangolli port.	2
2. Baindur.	2
3. Malpe.	4
4. Hangarcatta.	2
5. Kasargod.	2
6. Mangalore.	4
7. Mulki.	2
	18

The services of these 18 chowkidars were dispensed with from 1.6.1953. It is necessary as a precautionary measure to make similar arrangements this year also to prevent smuggling. I therefore, request that the Board may be pleased to address the Government to sanction the appointment of 18 chowkidars for guarding the sea coast from 1.11.1953 to 15.6.54 or till the necessity for their employment ceases, whichever is earlier. I request very early orders in the matter.

Sub: Establishment - Civil Supplies - South Kanara Dt - Anti-smuggling staff - Employment of additional staff for coastal patrol work - Proposals.

Ref: From the Board of Rev(CS) Ref 12379/53 dated 28.10.1953.

The file deals with the proposals (submitted by the Bd of Rev(CS)) for the employment 30 police constables, one sub-inspector in the South Kanara Dt and 18 chowkidars for coastal patrol work/with effect from 1.11.53 to 15.6.54.

The present strength of anti-smuggling staff in the South Kanara Dt is as follows:-

Deputy Tahsildar	1
Rev. Inspectors	2
Rev. Peons	10
Chowkidars	38
Police constables	8

The above mentioned staff has been sanctioned upto 31.12.53 and proposals for ~~their~~ retention beyond 31.12.53 are awaited.

With a view to tightening up the anti-smuggling measures on the coastal area in the South Kanara District when the sea becomes navigable, the Collector of South Kanara has proposed the employment of (addl staff) 30 police constables, 1 Sub Inspector and 18 Chowkidars from 1.11.53 to 15.6.54. The Board has recommended the proposal. During the corresponding period last year, as against the proposal of the Board of Rev(CS) for the employment of 30 police constables and 30 Revenue peons, the Government sanctioned the employment of only 22 constables, as the I.G. of Police was of the opinion that 22 constables would be enough for the work, as there was already 8 constables for normal anti-smuggling work in the district. The Collector of South Kanara (this year) requires that in order to supervise the work of the constables, the appointment of a ~~head constable~~ Sub Inspector is also necessary. In these circumstances, it is for orders whether the proposal of

the Collector of South Kanara to employ, with effect from 1.11.53 to 15.6.54 an additional staff of 30 constables and 1 ~~head~~ Sub: Inspector constable, as recommended by the Board of Rev(CS), will be accepted; or

may be accepted.
WB 31/12/53 A

whether the number of additional staff will be limited to 22 constables only, as was done last year.

For orders.

There were originally 59 chowkidars for anti-smuggling work in the South Kanara District. Of these only 38 posts of chowkidars have been retained from 1.7.53, the rest of them having been disbanded. In the above circumstances, the proposal to re-employ 18 chowkidars for patrol work at the ports may also be accepted.

The D.S.P. has stated that the suggestions of the Collector, South Kanara for the sanction of one S.I. and 30 P.Cs. for coastal patrol work to prevent the smuggling of rice along the coast when the sea becomes navigable, may be approved. He has suggested the appointment of two H.Cs. also to supervise the work of the 30 P.Cs. and has stated that a motor launch at the disposal of the Antismuggling staff is needed for effective prevention and efficient control of smuggling of food grains from the district along the coast. The Collector and the Board of Rev. have ~~now~~ recommended the employment of one S.I. and 30 P.Cs. but the I.G. has requested the Govt. to sanction in addition two H.Cs. also. In this view the Board's proposal may be agreed to in this department. As the staff has not yet been employed the sanction for its employment may be from the date of appointment upto 15-6-54. Agriculture recommend the Collector's proposal. Home ~~dept~~, in consultation with the I.G. of Police have recommended the employment of 2 Head Constables, in addition to the staff recommended by Agriculture

2. In the circumstances explained by the Collector on pp 1-3 of, Finance may agree to the employment of the staff as recommended by Home.

3. It is presumed that the 30 Constables will be found from the 3,000 Constables sanctioned for strengthening of the Taluk Police of the State. If the above presumption is correct, the extra cost will be only due to one Sub Inspector, 2 Head Constables and 18 Chowkidars. If however it is not possible to find the Constables required from the number of Constables sanctioned for strengthening the Taluk Police, then the total extra cost will be Rs 11,600/- non-recurring (for 4½ months) (F+E) should be met before issue

It appears that effective supervision can be maintained only if a motor launch is given to the police party. The proposal to employ police staff will therefore depend largely on the availability of a motor launch. Agri may therefore see first and say whether a motor launch will be placed at the disposal of the police.

The notes of the Home and Finance Departments at pages 2-5 ante may be perused. The I G. of Police, whom the Home Department have consulted on the proposals of the Board of Rev(CS), has recommended the employment of two Head Constables in addition to the police staff of 1 Sub Inspector and 30 Police Constables proposed by the Board. Home Department, while accepting this Deptt's proposal have suggested that two addl. Head Constables may also be sanctioned.

W.r.t. the remarks of D.S., Finance at M on page 5 ante, it is submitted that the Board of Rev(CS) had already asked for the supply of two steam launches with powerful search lights from the Fisheries Department in order to patrol the coastal line of the S.K. District. The Fisheries Department have, however, informed that there are no steam launches with them to be spared. The Board has therefore been asked to state whether suitable steam-launches are available with any other Department of the Govt. It is therefore for orders whether further action in this file may await the receipt of the reply from the Board on the availability of steam launches from any other Govt Dept.

Moreover applied for the staff from 1.11.53. The second crop harvest in the dt will shortly take place. The need for the staff is therefore very urgent. The question of getting a speed launch for preventive work is being separately considered. The police staff recommended in this file with the necessity to prevent & detect smuggling on land before a motor launch is made available for detachment and this may therefore kindly accept the proposal for additional staff.
